Heritage V-Tiles

“ Architecture should speak of its time and place, but yearn for timelessness”.
-Frank Gehry

* The colours shown here are reproduced as close to the original as printing technology allows. For best accuracy on colour selection, refer to actual tile.

In view of innovation, the specifications are subject to change without any prior notice and in the event of such changes, Monier shall ensure that the new specifications are equivalent if not better.

PRODUCT & TECHNICAL DATA	
Overall Dimensions (Taper End Width)	
Large End	135 mm
Small End	125 mm
Length	270 mm
Unit Weight	~1.03 kg
Tiles per m2	84 pcs
Weight per Pallet	~915 kg
Tiles per Pallet	840 pcs
Min. Roof Pitch	20˚
Overlapped Length	100 mm
Exposed Length	170 mm

* The **maximum rafter inclined length (total water run-off distance) is up to 6 meters at the minimum roof pitch stated.** For rafter lengths exceeding this limit, please consult Monier for technical advice.

* The overall truss layout shall be **set out equally and maintained consistently to ensure compliance with the recommended batten spacing** specified in the installation requirements.

* For **multi-tier roof configurations, a properly designed rainwater gutter system shall be provided** between the upper and lower roof tiers to ensure effective drainage, provide controlled runoff, minimize splash, and protect the lower roof from potential leakage or damage caused by uncontrolled flow during heavy rainfall. We shall not be held liable for any water-related issues arising from the absence of a gutter system in a multi-tier roof design. **Rainwater from downpipes, gutters, and valley gutters shall not be discharged onto the lower tiled roof** to avoid excessive water concentration.

In view of innovation, the specifications are subject to change without any prior notice and in the event of such changes, Monier shall ensure that the new specifications are equivalent if not better.
